(2019 TEST CYCLE)

NTPEP Testing Service Fees for EACH system submitted:

	New Evaluation
System	Total Fee per New System (without Slip/Creep Evaluation)
1 Coat	\$21,015
2 Coat	\$25,625
3 Coat	\$30,750

Add Slip/Creep: \$4,700

*New System fee is inclusive of all laboratory testing, report preparation, and a NTPEP administrative fee.
Invoice for the total number of products submitted will be provided upon the acceptance of your online submission.*

National Transportation Product Evaluation Program (NTPEP)

TESTING SERVICE FEE SCHEDULE for
Concrete Coatings
(2019 TEST CYCLE)

Cost Summary for Testing Concrete Coatings and Sealers	
System	Total Fee Price ^{1,2}
One-Coating System	\$32,131.00
Two-Coating System	\$37,543.00
Three-Coating System	\$42,955.00
Sealer	\$26,554.00

¹Excludes EPA exempt solvent analysis, and water content, percent by mass analysis. If these tests are requested by the coating manufacturer, the Line Item Costs for each test (for each product) will be added to the Cost Summary above, per the KTA-Tator, Inc. Line Item Cost Schedule.

²The additional charge for testing a coating from a multi-coat system as a standalone coating is \$13,200.
