1. **Material:** Sealants for sealing joints and cracks in pavements.

2. **Specification:** Articles 454.02 and 832.02

3. **Jurisdiction:** Product Evaluation Board, Product Evaluation Engineer

4. **Job Acceptance Requirements:** No job control samples necessary if the product works satisfactorily.

5. **Project Engineer’s Responsibility:** Check and assure that the materials are on the approved list.
   - 5.1 Verify that the shelf life of the material has not been exceeded and that the material is in good condition.
   - 5.2 Verify that the material is blended in the correct proportions and mixed to a consistent blend.

6. **Producer’s Initial Requirements:** Companies wishing to have products evaluated for placement on this list must contact the:
   
   AASHTO National Transportation Product Evaluation Program (NTPEP)
   444 North Capital Street NW, Suite 249
   Washington, DC 20001

   After the product is evaluated by NTPEP, and the results printed in the NTPEP Report, vendor must furnish the Department with a copy of the report and submit a request in writing to:

   Product Evaluation Board
   Alabama Department of Transportation
   3704 Fairground Road
   Montgomery, AL 36110

   6.1 All joint and crack sealant must meet the requirements of ASTM D 6690 for Type 1 or Type 2 sealants, and cold applied silicone sealants must meet the requirements of ASTM D 5893.

   6.2 Submittal fees according to Department Procedure ALDOT-355.

7. **Producer’s Maintenance Requirements:** Companies with products on this list will be expected to comply with the following to stay on the list:
   - 7.1 Produce the same quality of material as the material supplied for the original evaluation.
   - 7.2 Provide only approved products to Department projects.
   - 7.3 Promptly report to the Department any changes in company name, product name, company address or company ownership.
   - 7.4 Notify the Department of any changes in production of the product. Any alteration that will change the product physically or chemically will require a reevaluation of the product.

8. **Contractors’ Requirements:** The prime contractor will be responsible for purchasing and using only approved products.

9. **Removal of Products:** Products may be removed from this list for any of the following:
   - 9.1 Mislabeling products or substitution of products other than those originally submitted.
   - 9.2 Failure to comply with any of the Department’s requirements for this type of material.
   - 9.3 Failure to work satisfactorily on the job.

10. **Correspondence:** All correspondence concerning this list should be directed to the following:

    Product Evaluation Board
    Alabama Department of Transportation
    3704 Fairground Road
    Montgomery, AL 36110
