JoAnn Tingel (KYTC)

1. Lab Testing
   a. Epoxies
   b. Thermoplastics – KY is moving to using unleaded thermoplastics and using NTPEP data as performance data

2. Finalize 2007 and 2008 Test Decks
   a. 2007 – Wisconsin and Colorado???? Probably not CO this year but likely in 2010.
   b. 2008 – Pennsylvania and Florida???? We would like for FL to get out on a deck a year ahead of time to see how a deck is run.

3. Accelerated Wear Simulator Update
   a. 

4. Data Mine

5. New Business
   a. Incorporate Wet Night Retro and Color into application paperwork.

6. Adjourn – Next Meeting
